

Report on activities of species working group

PIGS

Roland Aumüller

R A 2009-10-15

Activities Pig Working Group

- 2 international telcons
- 1 national telcon
- Country description Germany for data recording system for pig chain
- Draft Paper for EMIDA ERA-net

R A 2009-10-15

Participants 1st Telcon – Pig Working Group

- **Participants 1st Telcon 19 August 2009**

- Present:
- Hetty van Beers (NL)
- Dieter Brinkmann (DE)
- Sandra Edwards(UK)
- Thorsten Klauke (DE)
- Brigitte Petersen (DE)
- Richard Smith (UK)
- Roland Aumüller (chair) (DE)

R A 2009-10-15

Outcomes Pig Working Group

- 1st Telcon 19 August 2009

Questionnaire with 5 Points

- Conclusions:
- There are common items in the Member States but there are differences as well.
- Harmonization of data will be essential to achieve a basis for comparability and interoperability.
- The process as such must be clearly described and standards must be defined.

R A 2009-10-15

Outcomes Pig Working Group

➤ 1st Telcon 19 August 2009

➤ **Key words for future discussions:**

- Add-on-Values for the key players in the chain of production
- Description and visualization of the process and objectives
- Plan for future development and progress
- Harmonized Approach
- Standardisation and comparability of data
- Definition of requirements for dataset and database
- Interoperability of different databases

Call EMIDA ERA-Net: draft paper for pre-proposal 11 Sept. 2009
